MINUTES
THE DALLES IRRIGATION DISTRICT
BOARD OF DIRECTOR'S SPECIAL MEETING
Friday, September 18th, 2026

Voting Members Present: Casey Pink, Dave Meyer, Mike Omeg, Liz Polehn,
Others Present: Weslee Cyphers
Absent: Dane Klindt

Summary:

C/Pink called the meeting to order at 8:01am

Repair of the sinkhole developing on Skyline Rd. was discussed. The sinkhole has been forming for a few months and it's believed to be caused by a TDID repair roughly 10 years ago that may not have been compacted correctly. The hole is forming directly above our 3" pipeline. W/Cyphers suggested having Crestline complete the work because of their expertise with road repairs. Crestline provided a quote for $20,000 - $25,000 if it's a simple dig, repair, recompact and pave. If we find that the problem is bigger the cost will increase.

The possibility of having the TDID crew complete the repair was discussed. This would save money overall. D/Meyer stated we have a very talented crew and felt we would be capable of making this repair. W/Cyphers agreed we might be able to make the repair if it turned out to be a minimal project, but it would be difficult to find the time during the offseason and if the problem was bigger than anticipated a major County road could be shutdown for an extended time. We could get in over our heads quickly. The option was further discussed.

D/Meyer made a motion to authorize W/Cyphers to move forward with Crestline Construction to complete the repairs. L/Polehn seconded. Motion carried unanimously with President Pink and Directors Omeg, Polehn, and Meyer voting in favor.

Meeting adjourned at 8:22am.
